

Real Estate and **Your Wealth**

Real estate is a wealth building asset and should be part of your portfolio. Here are a few reasons why.

In 2020, the average homeowner's equity **increased by \$17,000.**¹

Homes in today's market sell for an average of **\$66,000 above the purchase price.**²

Home
Equity Growth
in 2020

Last year, home values appreciated at their highest levels since **2014.**¹

Overall, homeowner equity grew **\$1 Trillion.**¹

Investment Opportunities

If you have the funds, and you're willing to make the commitment, a rental property is a way that real estate can increase cash flow.

Long-Term Rentals:

Provide consistent income over time, but requires a large commitment.

Short-Term Rentals:

You get an upfront return on investment. Local laws need to be taken into account.

Record-low interest rates could make mortgages more affordable for those considering an investment property.

5 Reasons to Sell Your Home This Spring

The spring buying season is back! Here are a few reasons to consider putting your home on the market sooner rather than later.

Pent-Up Demand

The pandemic delayed the 2020 spring buying season, and now, many who waited are ready to get back into the game.

Low Interest Rates

Financing your next home is affordable and attainable with mortgage rates at historic lows.⁴

Faster Process

Homes are selling quickly, with new listings spending about 21 days on the market.³

Solid Home Prices

Low housing inventory and high demand are getting sellers top dollar for their homes.

Supply May Increase

As new home construction rises in 2021, prices may begin to stabilize.¹ Sell your property now to get the best price!
